## Introduction:

This document is a transcription of the Tables of Contents of "The Boone Bulletin, A Magazine of History And Genealogy," which was published annually by The Boone Family Association from 1925 through 1939. Hazel Atterbury Spraker, author of *The Boone Family*, was the Historian of this organization. There is material in these Bulletins which goes beyond what is found in her book, which makes them a valuable addition to it.

These transcriptions were made from copies found in the Seattle Central Library. A number of other libraries also have copies of *The Boone Bulletin*, including the Library of Congress, the Mid-Continent Public Library, the Claton Library in Houston, and the Allen County Public Library.
